

EOSAM

European Optical Society Annual Meeting

📍 Scandic Rosendahl Conference Center,
Tampere, Finland

24-28 AUGUST 2026

EOSAM is a major international scientific conference and exhibition covering all aspects of optics and photonics

Submission Closes
14 April 2026
Early Bird & Speaker Registration Deadline
15 June 2026

Informing Authors About Acceptance
by 5 June 2026
Conference Program - Final
5 June 2026

EVENT HIGHLIGHTS:

- AROUND 500 ATTENDEES FROM OVER 30 COUNTRIES WORLDWIDE
- TUTORIALS, PLENARY SPEAKERS
- TOPICAL MEETINGS AND SESSIONS
- EXHIBITION
- NETWORKING OPPORTUNITIES

GENERAL CHAIRS:

- GOËRY GENTY, TAMPERE UNIVERSITY
- JUHA TOIVONEN, TAMPERE UNIVERSITY

PROGRAM CHAIRS:

- JYRKI SAARINEN, UNIVERSITY OF EASTERN FINLAND
- IGNACIO MORENO, EUROPEAN OPTICAL SOCIETY, EOS, PRESIDENT-ELECT

ORGANIZED BY

EOS NATIONAL SOCIETIES

CALL FOR PAPERS

SUBMISSIONS ARE ACCEPTED FOR ORAL/POSTER PRESENTATIONS, FOR:

Topical Meetings

- Biophotonics
- Nanophotonics
- Optical System Design, Tolerancing & Manufacturing
- Quantum Optics
- Ultrafast Phenomena
- Optical Materials
- Frontiers in Optical Metrology
- Applications of Optics and Photonics

Focused Sessions

- Solid-Core & Hollow-Core Fiber Applications
- Fibres for Visible and Mid-IR Lasers
- Laser Drivers for Inertial Fusion Energy
- Structured Light
- Non-linear Metasurfaces

MORE INFO:

PROCEEDINGS

Authors can include their abstracts in the conference proceedings at no cost, provided they comply with the submission guidelines. These proceedings will be published online in open access through EPJ Web of Conferences, managed by EDP Sciences, following the conference. Each abstract will be assigned a DOI and referenced via CrossRef®.

EXTENDED PUBLICATION IN JEOS-RP

After the conference, we offer the authors an opportunity to publish an extended version of the proceedings in a special issue published in the open-access journal JEOS-RP.

In addition to the Proceedings, the authors have an excellent opportunity to reach an even wider audience by publishing extended manuscripts in this Special Issue. The publication fees are very fair with no page charges and all authors receive further discounts, lowest for EOS members.

ABOUT EOSAM

In 2026, we celebrate 20 years since establishing EOSAM as a platform for experts in the field of optics and photonics, bringing forth new research results, state of the art, and bridging the gap between research, education, and industry. EOSAM is attended annually by around 500 top researchers, key leaders, students, and industry experts.

EOSAM 2026 is organized by **The European Optical Society, EOS**, in close collaboration with **Photonics Finland** (EOS National Society Member), **Tampere University**, and **PREIN Flagship**.

At EOSAM, you can look forward to a dynamic and engaging week that includes:

- **A Comprehensive Scientific and Industrial Program** featuring the latest research and technological developments in optics and photonics.
- **Tutorials** offering in-depth sessions on specialized topics, held just before the main conference begins.
- **Plenary and Invited Talks** delivering insights from leading experts and pioneers in the field.
- **A Global Audience**, with participants representing over 30 countries, fostering diverse perspectives and international collaboration.
- **Networking Opportunities** through dedicated events designed to encourage collaboration and meaningful knowledge exchange.
- **An Industrial Exhibition** showcasing the latest innovations and creating valuable connections between academia and industry.
- **An Early-Career Researcher Program** supporting the next generation of scientists with tailored sessions and professional development resources.

Each year, EOSAM is hosted by a different leading hub of optics and photonics, highlighting the excellence in these innovative fields around Europe and delivering a unique experience to all attendees. Since its inception in 2006, EOSAM has been held in France, Scotland, Germany, the Netherlands, Italy, and Portugal.

STUDENT & EARLY-STAGE RESEARCHER OPPORTUNITIES

EOSAM 2026 offers various exciting programs to help students and early-stage researchers advance their careers, including networking events that provide direct opportunities to connect with researchers, industry leaders, and mentors, helping students build meaningful professional relationships.

KICK-START YOUR CAREER AT EOSAM

Take advantage of the EOSAM exhibition to meet potential employers, explore job opportunities, and gain insights into the industry landscape.

PRESENT YOUR WORK

We invite you to submit oral or poster presentations on any of the topics featured at EOSAM 2026.

TUTORIALS

As an added benefit, EOSAM will provide Tutorials covering Topical Meeting (TOM) and Focused Session topics on Monday, 24 August 2026. These tutorials are designed to offer in-depth insights into various aspects of optics and photonics, providing valuable learning opportunities for all attendees. The tutorials will complement the broader scientific program, allowing participants to explore specific areas in greater detail. The tutorials are free of charge for registered attendees of the conference.

ABOUT THE
OPPORTUNITIES:**

STUDENT AWARDS

EOS recognizes and celebrates the bright minds shaping the future of optics and photonics. At EOSAM 2026, outstanding student contributions will be honored with awards, providing students with valuable recognition within the scientific community and helping to boost their early careers. EOS proudly supports and encourages young researchers by rewarding the best student presentations at EOSAM.

All submitted student oral and poster presentations are considered for the best student presentations awards.

FREE MONDAY ACCESS FOR MASTER'S STUDENTS – LIMITED AVAILABILITY!

Free entrance is available for a limited number of Master's students for the Monday program. Spots are allocated on a first-come, first-served basis.
