

March 2021

Potential EOSAM 2021 Exhibitor/Sponsor,

Dear Sir/Madam,

European Optical Society proudly welcomes optics and photonics professionals to its annual international conference and exhibition **the EOSAM 2021** www.eosam2021.org in **Rome, Italy**. More than 400 scientists and professionals from around the world are expected to attend the EOSAM 2021 from the **13th to the 17th September**. The list of attendees includes key leaders, top researchers, students and industry experts. This is an exciting opportunity for you to exhibit your latest products, new solutions, and company information.

From the **15th to the 16th of September**, a **tabletop exhibition** will allow you to present and promote your products among the conference attendees. On both days, one to two hours will be reserved as exhibition-only time. Moreover, all poster sessions and coffee breaks will be held around the exhibition space, thus maximizing visibility of your company and creating a great environment for efficient discussions.

For **maximizing visibility** during the event, companies and other organizations are offered additional sponsoring and advertising opportunities. Detailed, but not complete, list of items presented in the Appendix.

Depending on the sanitary and travel situation, the organisers will adapt the conference format accordingly, and enable online visibility for companies. In case of cancellation due to travel restrictions, refund is available for booked onsite items.

The chairs of the conference are Gilles Pauliat, Université Paris-Saclay, Institut d'Optique Graduate School, CNRS, Palaiseau, France (EOS President); Concita Sibilio and Alessandro Belardini from Università di Roma La Sapienza, Italy (Local Chairs).

Record number of Topical meetings (14) include all topics in the field of optics and photonics. For the full list of topical meetings, please visit the EOSAM website. The conference also includes a special session on Grand Challenges for Photonics, session for partners in EU projects for disseminating their activities and results, as well as a special session for PhD students to present their research, organized by the Italian Society of optics and photonics (SIOF).

For any inquiries, please contact EOS Executive Director Elina Koistinen, Tel. +358 50 592 4693, elina@europeanoptics.org. Items are sold on the first-served basis.

On behalf of the Organizers,

Elina Koistinen

EOS Executive Director

EUROPEAN OPTICAL SOCIETY (EOS)

www.europeanoptics.org

The European Optical Society (EOS) is the European platform for optics and photonics professionals. The EOS is a non-profit society, and an umbrella organization for all national optical societies around Europe. Our 4,500 members extend from Europe to all over the world.

Our mission is to bring together and encourage the cooperation of all with an interest in optics, optoelectronics and related scientific fields, to make practical use of research results, and to support the industrial exploitation of optics. To this end, we organize international conferences, scientific, technical and cultural meetings, training courses, exhibitions, etc., and maintain relations with other societies and organizations, national or international, having similar interests.

ABOUT THE EUROPEAN OPTICAL SOCIETY ANNUAL MEETING (EOSAM)

The European Optical Society Annual meeting (EOSAM) is a major international scientific conference with an exhibition and industrial program, organized by the European Optical Society in co-operation with local institutions. It was established specifically to provide a platform for experts in the field of optics and photonics, bringing forth new research results, the state of the art, and bridging the gap between research, education, and industry. EOSAM is attended by top researchers, key leaders, students and industry experts.

EOSAM has been organized since 2006, switching from location to another. After 2010 it was decided to move EOSAM around Europe, bringing the event into different optics hubs better serving the local communities and at each time creating a unique EOSAM experience for the attendees. Starting from 2020, the EOSAM will be an annual event, so mark your calendars. We warmly welcome you to join us for the 9th edition of EOSAM in Rome, Italy, 13 – 17 September 2021.

EOSAM locations through time:

2006 Paris, France
2008 Paris, France
2010 Paris, France
2012 Aberdeen, Scotland
2014 Berlin, Germany
2016 Berlin, Germany
2018 Delft, the Netherlands
2020 Online
2021 **Rome, Italy**
2022 Location tba

EOSAM 2021 organized in co-operation with:

SAPIENZA
UNIVERSITÀ DI ROMA

www.eosam2021.org

We look forward to meeting you at EOSAM in Rome in 2021!
